ian Frontier Where the Russians are Con-
centrating an Army—Rumanian Sentiment
Is Said To Be With the Allies—No Decisive

Said To Be Growing—Germany Gives Out
Figures On Captured Serbians—French
Loan Proved Popular.

[By Associated Press.]
London, Nov. 27.—The Serbian
forces are soon to become an army
without a country unless the French
should defeat the Bulgarians, four
lines of whom are reported to be ham-
mering at the French lines on the Var-
dur.

Monastir is reported completely sur-
rounded, while the main Serbian army
is retreating southwest and may find
no rest even on Greek territory as it
is reported here the central powers
will not hesitate to cross into Greece.

The situation along the Rumanian
frontier where a great Russian force

is reported to be concentrating, still is
obscure. Rumanian public feeling,
however, is reported favorable to the
entente powers.

There is no definite news from the
renewed Austro-German activities in
Galicia.

Little activity except mining and a-
erial operations are reported from the
western front.

The Italians in the Gorizia district
are meeting with desperate counter at-
tacks, but still hold the positions re-
cently occupied, according to a report
from Rome.

Rome, Nov. 27.—While the censor
prohibits the transmission of news
concerning Earl Kitchener's confer-
ences here, it may be said his visit
further perfected the accord between
Italy and her allies and contributed to
shaping the active assistance Italy will
give the entente operations in the
near East. Kitchener is at the Italian
field headquarters today.
